Section Three — That the joint
resolution of Congress approved De-
cember 7, 1917, declaring that a

perial and royal Austro-Hungarian
government and the government and
people of the United States and

The resolution as reintroduced is
identical with the one passed
by the last congress and vetoed by

actual changes made are minor ones

the senate foreign relations com-
mittee had planned to insert into
the resolution a declaration of Ameri-

will be ready in the event of another
European conflict to "stand in

it when it entered the world war.
The declaration was omitted,

Japan Desires Correspondence Made Public

(By International News Service)
WASHINGTON, April 13.—The
Japanese ambassador has made
suggestions to the State Department
that the entire correspondence be-
tween the United States and Japan
on the subject of mandates be made
public. It was learned this after-
noon. The Japanese ambassador, it
is understood, has suggested that
Japan has been subjected to some
misunderstanding because of the fact
that the correspondence has not been
made public and feels that its posi-
tion would be better understood if
the entire correspondence was pub-
lished.

No definite agreement for the
publication of the correspondence
has yet been announced.

Experts Will Visit Farm School Sites

SACRAMENTO, April 13.—Legis-
lators and others interested in the
completion of the projected farm
school at Riverdale and another
group interested in a proposed school
at Van Nuys, Los Angeles county, to-
day agreed to send a committee of
experts to view both sites and then
report in support of the project ap-
proved by the committee.
G. H. Recke, director of the De-
partment of Agriculture, Dr. T. I.
Hunt, dean of the College of Agricul-
ture of the University of California,
and Elwood Mead, chairman of the
Land Settlement Board, were agreed
on as the arbiters. The commit-
tee will be asked to get together and
report as soon as possible. Their ac-
tion may be had at the legislative
session now in progress and to close
in about two weeks.

President Harding, who informed Knox
and other Republican Senators he
thought such a declaration of policy
should originate with the executive
and not the legislative branch of the
government. In this Knox con-
curred.

It was this proposed declaration
of policy that Knox and other Re-
publican Senators discussed with
Kene Viviani, former French
premier, recently. He expressed
approval of its "intent," but said
he did not think it went "far
enough."

President Harding is requested to
order the immediate withdrawal of
the American army of occupation in
Germany, by the terms of a resolu-
tion introduced in the house this
afternoon by Representative Hamil-
ton Fish Jr., of New York.

The resolution declares that the
presence of American troops in Ger-
many is contrary to the traditional
foreign policy of the United States
and that a heavy burden is laid on
American taxpayers in supporting the
troops, inasmuch as Germany has not
been able to support the troops as
provided by the treaty.

"Wet" Resolutions May All Be Tabled

SACRAMENTO, April 13.—The
Senate committee on federal relations
today served notice on the authors
of the several "wet" resolutions be-
fore the legislature that unless they
could "get together" on one resolu-
tion all of them would be tabled in
committee. The committee had be-
fore it three resolutions. They are
the Badaracco resolution, which has
already passed the Assembly, and
which calls on Congress to alter the
Volstead act to permit the manu-
facture of wines of 14 per cent al-
coholic content and 4 per cent beer,
a resolution by Senator Crowley
seeking permission for the manu-
facture of light wines and beer without
specifying the content, and the third
by Senator Canepa asking an amend-
ment of the Volstead act to permit
each state to make its own legal
definition of alcoholic liquor.

Bill Eliminating Fees Is Defeated

SACRAMENTO, April 13.—The
Schmidt bill eliminating fees for in-
spectors in the industrial commis-
sion was defeated today, 39 to 34,
in the assembly. Assemblyman Horn-
blower and Moskus charged that the
inspectors of the commission had
been condemning boilers that were
made in California in favor of east-
ern made ones.

SANTA FE WAGE CUT ANNOUNCED TO BEGIN MAY 12

Reduction To Affect All
Employees Other Than
Unskilled Laborers.

CHICAGO, April 13.—Notices of
a reduction of 20 per cent in the
pay of subordinate officials and
employees other than unskilled
labor of the Santa Fe railroad sys-
tem, were mailed out yesterday. It
was announced here today. The pro-
posed reduction would be effective
May 12, and meanwhile the road
asks conferences with all classes of
employees, those gatherings to be
held between April 25 and May 7,
at the office of the general manager
in Topeka, Kan.

The notice states that common
labor wage rate involved in a case
to come before the Railroad Labor
Board next week.

The notice was issued on behalf
of the Atchison, Topeka & Santa Fe
railroad lines east, west and coast;
the Gulf, Colorado & Santa Fe rail-
way; the Panhandle & Santa Fe
railroad, the Rio Grande, El Paso &
Santa Fe railroad, the Grand Can-
yon Railway Company, and the
Beumont Wharf and Terminal
Company.

SAN FRANCISCO, April 13.—
Members of the Brotherhood of Rail-
way and Steamship Clerks employed
by the Southern Pacific railroad ap-
peared today to their international
officers to demand of the Railroad
Labor Board that the Southern Pa-
cific not be permitted to present its
petition to the Labor Board for re-
duction of wages of its 10,000 un-
skilled workers until the clerks have
compiled data and figures. The hear-
ing of the appeal before the Labor
Board is set for April 18, and the
company's order for a wage reduc-
tion is effective April 17.

The clerks' brotherhood, which
claims to represent 1500 freight
handlers and express and station
employees, asserts the Southern Pa-
cific wishes to reduce wages to the
1918 standard, based on 1920 cost
of living.

FRUITVALE MAY GET HOSPITAL

Plans which may result in the
construction of a new hospital in
the Fruitvale district, to be known as
the Christian hospital, were made
at the regular meeting of the
ministers of the Christian churches
of the bay district in San Francisco
last Monday.

Rev. A. L. Webb, pastor of Fruit-
vale Christian church, presented the
proposal to the assembled ministers,
stating there was great need in the
community for a hospital, and pre-
sented a tentative plan whereby
the institution might be secured.
provided the Christian churches of
the Eastbay section decide to co-
operate.

A committee of three ministers
was appointed and is now investi-
gating the advisability of the pro-
posal, with a view to presenting its
report at the regular meeting of
the bay district convention of Chris-
tian churches in the First Christian
church of Oakland on April 21.
The three men on the committee
are: Rev. Charles L. Beal of Petal-
uma, chairman; Rev. D. L. Morgan
of Vallejo and Rev. J. A. Shoptaugh
of the Elmhurst Christian church.

Other features of the meeting in-
cluded an address by Evangelist
Charles Belongs Schoville, who spoke
on the subject "Ye Are the Salt of
the Earth," outlining the course
which America should pursue in
dealing with world problems.

Club Women Work For Property Bill

SACRAMENTO, April 13.—A dele-
gation of bay district club women
arrived in Sacramento today to make
a final effort to get action from the
legislature on the Lyon community
property bill. The bill has been on
the third reading file of the Senate
for a week or more, but has not been
called up by Senator Lyon because
of opposition which appeared suf-
ficiently strong to defeat the
measure.

Included in the delegation are Mrs.
F. G. Law, president of the Cali-
fornia Civic League; Mrs. Alfred Mc-
Laughlin, president of the San Fran-
cisco center; Mrs. Genevieve Allen
of the same organization; Miss C. A.
Rehlsch, representing the women
attorneys of San Francisco, and Miss
Augusta Jonas of the council of
Jewish women.

Party Ticket Bill Dies in Committee

SACRAMENTO, April 13.—The
Senate committee on elections today
by unanimous vote tabled an assem-
bly bill by White, Smith and Ira A.
Lee, which was intended to prevent
candidates for office from seeking
nomination on tickets of any party
other than that with which they had
affiliated by registration prior to the
primaries.

The bill passed the Assembly
March 29, was refused reconsidera-
tion the next day, and has been in
the Senate committee since that
time.

WRIGHT BILL FOR ENFORCEMENT IS PASSED, 50 TO 24

Assembly Puts Through Dry Initiative Measure; Charges Are Questioned.

SACRAMENTO, April 13.—Prohibition again occupied the attention of the Assembly yesterday, the T. M. Wright bill for enforcement of the Volstead law by the state authorities having held the floor most of the afternoon, and having finally been passed by a vote of 50 yeas to 24 nays and sent to the Senate.

The bill, as sent to the upper House, bore a paragraph providing that it should not become effective until approved by a vote of the people. It was admitted by both yeas and nays that the amendment incorporated in this paragraph had been too hastily drawn and would need revision, but it was sent to the Senate without change, it being understood that the attorney general was engaged in preparing an opinion about how it ought to be changed to make its wording explicit.

The Assembly also debated and passed two Senate joint resolutions, one memorializing Congress to protect the olive industry by a suitable tariff, the other calling congressional attention to the improvement in Mexican affairs under the Obregon administration.

The following additional bills were passed and sent to the Senate:

By Beal—Imperial county government bill.

By Coombs—Amending section 4014 code of civil procedure relating to township officers.

By Bromley—Amending the drainage act of 1919 by making a more exact definition of wet or overflowed lands.

By Brooks—Amending section 11 of the code of civil procedure to comply with the new law making amnesty day a holiday.

The following Assembly bills were refused passage:

By Bernard—Requiring certain graduates of normal schools and teachers' colleges to qualify to give instruction in elementary agriculture.

By Christian—Making marshals in cities of the sixth class elective at the option of such cities.

By Rose—Depositing occupational license tax in cities of the sixth class.

The following Senate bills were passed and sent to the governor:

By Coddie—Amending the railroad commission act to authorize interchange of transportation between railroads and automobile lines.

By Osborne—Permitting the boards of managers of hospitals for the insane to expend the interest on funds belonging to patients for the benefit of the patients.

By Arbuckle—Amending the fish and game law.

By Boggs—Permitting county supervisors wider latitude in disbursing funds for fairs and in arranging bond elections for fair buildings and sites.

Yucatan Merchants Protest Moratorium

MERIDA, Yucatan, April 13.—Merchants here have entered vigorous protest against the enactment of a state-wide moratorium by the Yucatan congress. The moratorium is to last until March 1, 1922, and is designed to relieve the acute business conditions within the state due to the low price of henequen.

There are now more than \$60,000 bales of henequen stored within the state, the market price of which is 4 cents per pound, whereas production cost is said to be between six and seven cents per pound.

Gasoline Tax Bill Left in Abeyance

SACRAMENTO, April 13.—The Ream bill providing a 1-cent tax on gasoline for the benefit of the highway commission maintenance fund, was left on file by the Assembly committee on revenue and taxation last night, after a spirited hearing at which the commission was vigorously opposed by representatives of the various automobile clubs and associations.

The committee adjourned to meet again Thursday afternoon and Chairman Coombs said action on the bill would be attempted at that time.

Naval Base Bill Given Approval by Committee

By AD B. SCHUSTER

TRIBUNE BUREAU, SACRAMENTO, April 13.—With the favorable action of the Senate committee on commerce and navigation there is no obstacle today in the way of bringing to the floor of the upper House the bill which would grant to the government title to lands to the west of the Alameda base site.

The argument before the committee was short and much the same as that presented in the former hearing, and the vote was emphatic. Supporting Senator Arthur H. Breed in his motion to bring the bill out with favorable recommendation were Senators Boggs, W. J. Carr, Chamberlain and Sample, while the only opponent was Chairman J. M. Inman of Sacramento.

Joseph E. Caine, managing director of the Oakland Chamber of Commerce, and William J. Locke, only attorney of Alameda County, briefly for the bill and Dr. J. J. Hogan of the Vallejo chamber was the main speaker for the opposition. Hogan declared that he did not believe anyone had asked for the land, and that the whole bill was a piece of propaganda calculated to put the legislature on record as favoring Alameda. He also contended that as the naval appropriation bill did not go through last session of Congress the whole matter was dead and that a new investigation would have to be made before any site could be selected.

AT REQUEST OF NAVY
The naval bill may have died, or failed in passage on account of the filibuster, Caine replied, "but the report of the joint committee and the navy general board does not die. Caine reviewed the history of the site selection and showed how the action sought of the legislature was the request of naval men."

"I am here to deny any ulterior motives as are ascribed by Dr. Hogan," Caine said.

"Two years ago this legislature granted to Alameda the title of the lands here that the city might turn it over to the government. If the legislature has ever gone on record for Alameda that was the time. The navy bill failed of passage and not the particular item concerning the naval base site. It died because of Senator Hogan's filibuster and there were not more than five votes against it in the Senate. In Washington some one started the rumor that the title to the lands was not clear because the pierhead line extended into San Francisco county, and as a result of conferences as to what would best be done, we are asking this grant. It has nothing whatever to do with politics or propaganda."

Locke described a conversation with Commander Cox and Lieutenant McLean of the navy in which the plan was proposed and the committee took a vote. All but Inman registering favorable expressions.

TIME KICKED LEFT
A week ago Inman denied favorable passage when four votes to pass the bill out, and he opposed, holding that time he refused to wait until a senator in an adjoining room could be summoned. As the result of his action progress of the bill has been delayed days, but it is thought there is still time to put it through.

The bill which will settle the boundary lines of Government island and make it likely make it a part of the city of Alameda was passed in the Senate today after a brief explanation by Senator Edwin M. Kist.

The measure provides for the establishment of the boundaries, and applies to a number of disputed lines in the state. It was introduced in the Assembly by Hon. Speaker of Alameda and given favorable passage there.

APPROPRIATIONS GIVEN APPROVAL

SACRAMENTO, April 13.—Assemblyman Cummings' bill carrying an appropriation of \$300,000 to "save the Redwoods" was voted on favorably by the Assembly yesterday.

Captain W. O. Hart's \$2,000,000 request to start the operation of a proposed service men's farm and hospital settlement was reported out favorably. This was the measure agreed on by the service men's conference here recently.

The Riverside farm school appropriation to complete the purchase of a site and the item of \$22,000 for repairs and additions at the home for delinquent women was held for further consideration.

All the building requests included in the budget were also reported out favorably. This included many improvements for schools, hospitals, charitable and correctional institutions and excepted only a group of buildings for various activities of the University of California, which was held for further consideration.

"We don't know where the money is coming from," said Chairman Wright, "but the state has done nothing since before the war. Its facilities are far too small in many ways; these requests all seem proper, and we felt that the legislature as a whole, should have an opportunity to consider them."

Resolution Urges Power Protection

SACRAMENTO, April 13.—Governor Stephens will be urged to protect the state in its future power development by filing on suitable reservoir and power sites, should a resolution reported out of the Assembly committee on irrigation meet the approval of the Legislature.

Laundry Concerns Entertain Employees

More than 200 employees of the Oakland White Star and Antiseptic laundries were the guests of the management last Saturday evening at an entertainment at 3860 Main avenue. Some of those who contributed toward the entertainment were Mr. and Mrs. Fred Grannis, Harry Bell, James McVey, Frank Borgas and George Ferguson. J. H. Spiro, president of the Merchants' Exchange, spoke. Refreshments and dancing followed.

Food Cooked in Brass Causes Baby's Death

Earl Tuck, 8-months-old Japanese baby, died last night from the effects of metallic poisoning, according to Dr. R. N. Arthurton, 1544 Seventh street. The baby was brought from Monterey to this city by its parents, Mr. and Mrs. Earl Tuck. Dr. Arthurton treated the baby shortly before it died.

Mrs. Tuck told Police Inspectors George Burbank and Joe O'Neil that her sister-in-law, Dia Tuck, who lives in Monterey, had fed the baby food which had been cooked in brass. The authorities in Monterey are investigating the case in that city. An autopsy will be held this afternoon to determine the correct cause of the child's death.

Legion Posts Favor Scott Boxing Bill

SAN FRANCISCO, April 13 (United Press)—Golden Gate Post No. 40, American Legion, today sent letters to all local legislators at Sacramento urging passage of the Scott boxing bill. The post went on record unanimously at its meeting last night as favoring the measure.

It was pointed out that the Scott bill, which would permit 15-round boxing matches, is a part of the state legion's program, having been endorsed at the state convention at San Diego.

Various legion posts throughout the state are on record in favor of the bill and pledged to urge its passage.

Oakland Man Gives Room To S. A. Home

A room at the Salvation Army Boys and Girls Industrial Home and Farm at Lytton, Sonoma county, has been furnished by Thomas Lindsay, member of the firm of W. P. Fuller & Co. of Oakland, according to word received today from Lieutenant Colonel A. Smeaton, superintendent.

The room is to be known as the Hattie Cook Dormitory. On the door of the room will be placed a bronze tablet bearing the inscription: "Hattie Lindsay; Hattie Cook of Healdsburg; In Loving Remembrance, Thomas Lindsay."

Spring Debility
Loss of Appetite, That Tired Feeling, Sometimes Eruptions. Thousands take Hood's Sarsaparilla as a spring medicine for that tired feeling, nervous weakness, impure blood and say it makes them feel better, eat and sleep better, and "makes food taste good."

Spring debility is a condition in which it is especially hard to combat disease germs, which invade the system here, there and everywhere. The white blood corpuscles, sometimes called "the little soldiers in the blood," because it is their duty to fight disease germs, are too weak to do good service.

Hood's Sarsaparilla strengthens the "little soldiers" and enables them to repel germs of grip, influenza, fevers and other ailments; relieves catarrh and rheumatism. It has given satisfaction to three generations. Get it today, and for a laxative take Hood's Pils.

State Backing Sought for Big Dairy Show Here

Conferences Are Held With Legislators; Enthusiasm Shown in Project.

TRIBUNE BUREAU, SACRAMENTO, April 13.—Plans to secure state backing to a Pacific slope dairy show, to be held in Oakland in October, have been put under way here today with the arrival of Sam H. Greene, secretary-manager of the California Dairy Association. Already a number of informal conferences have been held with agricultural representatives in the legislature and considerable enthusiasm for the project has been evinced.

It is estimated that the dairy show will be held in St. Paul from October 8 to 15, and that the large government exhibits and others could be moved out to Oakland for an exhibition to be held on the last week of the month. The show would feature the four leading breeds of dairy cattle and would also include the showing of manufactured goods, machinery for dairy use and educational exhibits related to the industry.

APPROPRIATION SOUGHT
Greene has taken the matter up with Senator A. J. Anderson, who may offer a bill asking for a small state appropriation within the next few days.

In connection with the new interest evinced in the dairy business in California it was announced today that Dean H. E. Van Norman of the University farm at Davis, who is president of the National Dairy Association, has been granted a year's leave of absence to work in the interest of the International Dairy Congress to be held in this country in 1922. Dean Van Norman is regarded as one of the leading dairy experts in the country and his connection with the organization which is sponsoring the St. Paul show is held to mean that many of the exhibits there would be sent on to a show in California.

California, the show advocates point out, is the fourth largest producer of butter among the states, the annual output having a valuation of \$100,000,000. The dairy industry is regarded as the second largest of any industry and the second largest agricultural industry in California.

COAST-WIDE INTEREST
A dairy show, such as is contemplated in Oakland, would not compete with the coast-wide show planned for San Francisco, as that would include all kinds of livestock. It is argued that it would be an excellent complement to the other and that the two would serve to attract a wide attention to the bay cities and to the state.

C. H. Hecke, director of the agricultural department of the state, and Dean H. E. Van Norman and others are interested in the scheme for developing a coast-wide interest in the dairy industry of the state and have been leaders in the movement to further the development of Northern California have seen in the project a way to connect the dairy interests at the natural gateway, San Francisco bay.

If the show is held in Oakland it would call for the use of a large auditorium for the mechanical exhibits and the erection of a large tent for the showing of the dairy cattle. It has not been estimated just how much money will be necessary.

Students Aiding As Instructors May Escape Fee
Amendment Made To Carr's University Tuition Measure; Normal Teachers.

TRIBUNE BUREAU, SACRAMENTO, April 13.—A bill that would require non-resident college students at Berkeley who are acting as instructors while they pursue graduate work will not be asked to pay tuition fees for the remainder of the year, according to Senator Frank M. Carr's university tuition measure by Senator Edwin M. Otis of Alameda.

The measure would require all non-resident students to pay tuition. Otis pointed out that the graduate students who were non-residents were mostly employed as instructors at low salaries and that if the tuition were charged the state would be forced to raise the salaries. The amendment met with senate approval and the bill will go over to the assembly.

Another educational measure that is attracting wide comment and one which went to defeat by a narrow margin in the assembly, is a bill of Van Bernard's, which would require teachers in normal schools and junior colleges to be prepared to teach the rudiments of agricultural courses. In the city Normal schools this course would be little more than home gardening, but in the others it would be designed to stem the tide that is going from the country to the city. Bernard has moved for reconsideration of his bill and hopes to put it through.

Yucatan Merchants Protest Moratorium
MERIDA, Yucatan, April 13.—Merchants here have entered vigorous protest against the enactment of a state-wide moratorium by the Yucatan congress. The moratorium is to last until March 1, 1922, and is designed to relieve the acute business conditions within the state due to the low price of henequen.

There are now more than \$60,000 bales of henequen stored within the state, the market price of which is 4 cents per pound, whereas production cost is said to be between six and seven cents per pound.

Gasoline Tax Bill Left in Abeyance
SACRAMENTO, April 13.—The Ream bill providing a 1-cent tax on gasoline for the benefit of the highway commission maintenance fund, was left on file by the Assembly committee on revenue and taxation last night, after a spirited hearing at which the commission was vigorously opposed by representatives of the various automobile clubs and associations.

The committee adjourned to meet again Thursday afternoon and Chairman Coombs said action on the bill would be attempted at that time.

EUPRIGHT'S

WIDOW IS VICTOR IN CONTEST OVER WILL OF DR. LANZ

Bequest To Office Nurse Was
Due To Weak Mind,
Declares Jury.

While a crowded courtroom broke out in applause, which was quickly stifled by Superior Judge E. C. Robinson, a jury broke the will of Dr. Paul Lanz and awarded half of the \$100,000 estate to the 24-year-old widow, Mrs. Ruth Lanz.

The other half had been granted to a child, born after Dr. Lanz' death, when Judge Robinson declared Dr. Lanz' mother was not legally entitled to attack the legitimacy of the child. Dr. Lanz and his wife had been separated by an interlocutory decree of divorce, but testimony showed they had become reconciled. Dr. Lanz had left his entire estate to Mrs. Leah Templeton, office nurse, saying in the will he believed she would care for his aged mother. The jury, which was out only long enough to elect a foreman and take one ballot, which was unanimous, decided Dr. Lanz was of unsound mind and under the influence of Mrs. Templeton, whom he had known only three months.

Attorney W. H. Johnson of Mrs. Ruth Lanz' counsel announced today that Mrs. Lanz will sue that her late husband's mother is well cared for. He said she had desired and intended to care for her all along, but that she had been without funds pending the settlement of the will contest. He said she had to mortgage her home, the only piece of property given to her by Dr. Lanz before his death, in order to secure money to carry on the legal battle.

Until the estate is finally administered, Mrs. Amelia Lanz, the mother, will receive \$200 a month, which was awarded her by Judge Robinson pending final distribution.

Dispute Over Express Bill Starts Fight

A free-for-all fight started late yesterday when Joe Silva, 1745 Eighteenth avenue, started an argument over an express bill. Nicholas Militsch, driver of the express wagon, insisted that Silva pay the bill in full. The argument was followed by a fist fight. A neighbor telephoned to the police station and Inspector Jules Sternitzky was sent out to investigate the case. Before the police arrived on the scene a stranger joined in the fight. After taking several punches at Militsch he went about his business.

When the police arrived the fight had stopped. Silva agreed to pay the bill and everybody parted friends. There were no arrests.

Carnival Ball To Be Attended By College Set

Red Cross Community Market Day, April 23, is to be celebrated at the Hotel Claremont and gardens and will be brought to a close with a brilliant carnival ball in the ball room of the hotel. There will be colored streamers and lights, with yards and yards of serpentine and barrels of confetti will add to the carnival spirit. Hundreds of bright colored balloons will complete the festive picture.

Director general of the evening will be Ralph Phelps who has recruited the jazziest of college musicians to furnish dance melodies and specialty numbers. Between dances, there will be the fashion show with Berkeley maids and matrons as manikins.

As yet the list of manikins is incomplete, but some of the belles to serve as such will be the Misses Hope Somerset, Dorothy Grissim, Ruth Langdon, Audrey Williams, and Betty Cady.

Vaudeville numbers will also be featured during the course of the evening. Mrs. Harold Havens, whose dancing at charitable affairs has won her much praise, and Joseph Fredericks, son of Mrs. Arthur Fredericks of Piedmont avenue, will give a special number. Incidentally, Mrs. Havens and Fredericks will dance for Ruth St. Denis Saturday at the latter's studio in San Francisco. Mrs. Havens has been studying with Ruth St. Denis.

Other features are being added daily to the plans for the fest. A merry-go-round will be fitted up for the kiddies while there will be a punch and study show and other attractions for the young guests. In the tea garden over which Mrs. H. G. Potting and a group of matrons will preside there will be the choicest of light viands to tempt the market, including beaten biscuits, cakes, and sandwiches. Mrs. Henry R. Hatfield and a group of workers from the home service section of the Red Cross will dispense butter and eggs to the visitors, while at the candy booth the wives of vocational men at the University will be the assistants under the directions of Mrs. Helen Whitney. Mrs. Henry P. Martinez and Mrs. Samuel B. McLenagan are in charge of this booth.

Mrs. Hans Lissner will be hostess tomorrow at a tea for 200 guests at her home in San Francisco in honor of Miss Margaret Alderson, fiancée of George Gordon Twoby. The wedding of Miss Alderson and Twoby will take place June 29, the ceremony to be at the home of Mr. and Mrs. Frederick Lee Alderson in Claremont.

Mrs. Harry J. Schuler will entertain the members of the Laurel Hill Club tomorrow at a tea and musical at which Miss Carol Freuler and Mrs. George Haight, reader, will be among the participants in the program.

MRS. LOUIS STEAVEN IRENS of Piedmont, her daughter, BARBARA ROSINE, and MASTER STEAVEN LOUIS IRENS. Dr. and Mrs. Irens are planning a camping trip to Eureka during June.

money to be at the home of Mr. and Mrs. Frederick Lee Alderson in Claremont.

**TO WED IN
ST. PAUL'S CHURCH**

Miss Lucille Ginox, betrothed of Herriot Small, will be married June 8 in St. Paul's Episcopal church. Several hundred friends are to be guests with Rev. Alexander Allen officiating.

Miss Alyce Gay, cousin of the bride-elect, will be maid of honor and the bridesmaids the Misses Doris Rodolph, Martha Gallagher, Edith Akely and Marian Small, sister of the bride-elect.

Rollo Fay will be best man and as ushers there will be Edward Fernon, Alfred Ginox, Elliot Ponting and Harold Havre.

A large number of cards were received yesterday for a tea which the Misses Dorothy and Florence McGregor will give at their home April 23. The affair is in honor of Miss Cecil Brown.

**TEA FOR
MISS TAYLOR**

Mrs. Edward De Laveaga will be hostess tomorrow at a luncheon at her home across the bay for a score of the younger girls. The guest of honor will be Miss Dorothy Taylor, betrothed of Murray Orrick.

**Sisters' Fight Over
Estate Is Settled**

A battle between two sisters as to which should administer the \$10,000 estate of their late brother, T. J. Mylar, was ended when Superior Judge E. C. Robinson decided in favor of Mrs. Clara Harper, 2011 Grant street, Berkeley.

Mylar died March 11 in Berkeley, leaving no will. The other sister, Mrs. Emma Hitchcock, of Salinas, at first asked that a niece, Miss Goldwater of San Francisco, be appointed administratrix, saying she is a business woman and more capable of handling the estate than anyone else, but the niece refused to serve, whereupon Mrs. Hitchcock asked that she be named.

It was shown that Mylar had decided with Mrs. Harper and Judge Robinson decided that as she had cared for her brother, was familiar with his business affairs and lived in Alameda county, where most of the property is located, she was entitled to the appointment.

Attorney C. H. Patterson presented the petition on behalf of Mrs. Harper.

Miss Cora Coolidge is a visitor to the bay cities from New York. As National Director of the Placement Bureau she has carried an important post for the Association of University Women, formerly known as the Association of Collegiate Alumnae. On Friday the local university women's organization will honor her at a luncheon at the headquarters in the National League for Women's Service in San Francisco. Miss Coolidge will outline the movement in which she is a leader. She is registered at the Berkeley Inn.

Mrs. Law Will Top Ticket of Civic League

By EDNA B. KINARD

The name of Mrs. Frank G. Law of Oakland will be presented at the head of the official ticket of the California Civic League at its annual meeting. For a year past Mrs. Law has decided the destinies of the important organization which came into operation following the granting of suffrage to the women of the state. The Eastbay cities have been largely recognized by the nominating board. Not only has the presidency been conceded to this side, but the first vice-presidency in the person of Mrs. J. G. Kearney of Alameda; the office of corresponding secretary in the candidacy of Miss Martha Iams of Berkeley; treasurer in the person of Mrs. Ella P. Rowell of Oakland; and four of the six directors to be elected, in the persons of Mrs. Florence L. Mead, San Lorenzo; Mrs. Dove C. Golden, Fruitvale; Mrs. Helen Bowles, Berkeley; Mrs. H. B. Tighman, Oakland.

Other candidates will be presented as follows: Second and third vice-presidents, Mrs. E. J. Mott, San Francisco; Mrs. C. E. Whittier, Menlo Park; recording secretary, Mrs. H. D. Gray, Palo Alto; auditor, Mrs. J. L. Goodday, San Francisco; directors, Miss Gail Laughlin, San Francisco; Mrs. W. K. Clark, Stockton.

Mrs. Andrew Neuenburg is chairman of the nominating committee which will offer its report before the April board meeting of the California Civic League on Friday at 10:30 in the St. Francis Hotel, San Francisco.

"Housing Conditions" will be considered tomorrow at the weekly luncheon of the Business and Professional Woman's club at Hotel Harward. Justin Miller, representing the state immigration and housing commission, will speak.

When the club divided itself in a membership drive last year the victor team was to be entertained at luncheon as a reward. That function is announced for Tuesday evening, April 19.

Mothers from Alameda, San Mateo, Contra Costa, Napa, Sonoma, Marin and San Francisco counties will assemble in the Civic Auditorium in San Francisco tomorrow morning in annual convention of second district, California Congress of Mothers. Mrs. H. G. Tardy of Oakland, will preside. Election of officers is scheduled.

A reception to Chinese students is announced by the College women's club tomorrow afternoon from 4 to 6 o'clock in the Berkeley clubhouse. Mrs. Mary Roberts Coolidge, who made a summer's tour of the Orient, will be a guest. Mrs. George E. Conly is chairman of program.

At the meeting of the international relations section this morning Mrs. Henrietta Thomson, chairman, concluded her series of talks on Chinese problems.

Notice of the annual business meeting and election of officers has been posted for Saturday, April 23. Mrs. Thomas H. Reed, charter president, will retire at the conclusion of her first term. With her husband she is anticipating a summer on the Atlantic coast, followed by a year's residence abroad.

SKIN OF WHITE RHINOCEROS IN MUSEUM CARGO

Vessel Arrives From Africa
With Trophies From
Snow Expedition.

Including the only white rhinoceros skin to be brought to this country, a cargo consisting of 35 cases of African skins arrived in Oakland today aboard the Conqueror, a small tramp barkentine. It is the largest shipment yet made by the H. A. Snow African expedition, undertaken for the purpose of making a collection for the Oakland Public Museum. In addition to the skins, there are several thousand feet of moving picture films and photographic plates.

This is the first shipment to come direct from Africa, the others having been sent to London by ship and transferred to another vessel for shipment to New York, whence they were sent by rail to Oakland.

The Conqueror is owned by Major James Rolph of San Francisco. The barkentine happened to be in port in Durban on the west coast of Africa when the members of the expedition, after two weeks' work, finished preparing the skin and developing the plates and films for shipment to Oakland.

The shipment which arrived today was the fourth to be sent by the expedition. The third shipment, which was a small one consisting of specimens in one case, arrived the middle of last February.

The present shipment includes complete family groups of the rhinoceros and hippopotamus, together with the skins of small animals and serpents. According to the latest

COLLEGE PLAY TO HONOR DANTE ANNIVERSARY

SAN FRANCISCO, April 13.—California's participation in the world-wide celebration of the 450th anniversary of the death of Dante will be marked by the production in San Francisco of "Dante, the Wing-Bearer," a play from the pen of Brother Leo, professor of English literature in St. Mary's college, Oakland.

Brother Gregory, president of St. Mary's, has obtained the Valencia theater here for the first presentation of the play on May 4, when a matinee and evening performance will be given. The play will be repeated at the Oakland municipal auditorium the afternoon and evening of May 6.

The fourteen parts will be taken by students of St. Mary's college. Rehearsal try-outs are being held under the direction of Brother Leo, who has announced that the proceeds of "Dante, the Wing-Bearer," will be donated to the relief fund here for the first presentation of the play on May 4, when a matinee and evening performance will be given. The play will be repeated at the Oakland municipal auditorium the afternoon and evening of May 6.

RUMMAGE SALE.

Members of the alumni council of Newman Hall, will hold a rummage sale in the Bacon building, on Eleventh street between Washington and Broadway, on Wednesday, Thursday, Friday and Saturday of this week, to obtain funds for the hall's library. The sale will be conducted by university girls.

Word received from Snow the party will penetrate further into the interior to search for elephants, giraffes and other animals, to comprise the next shipment.

The specimens which Snow is sending to Oakland are being held at the Oakland museum pending Snow's return from Africa. He has offered this collection to Oakland if the city will build a large museum to house it.

Who are You?

**99 CHANCES OUT OF A HUNDRED YOU ARE
THE MAN WHOSE SECOND FINGER ON THE
RIGHT HAND IS EXPERT IN PRESSING ELECTRIC
BUTTONS.**

An electric button is a pretty small thing. By it we make elevators rise and fall for us, we summon employees, we give orders, we start big machinery whirling, we turn the light on and off and—we could go on indefinitely. But remember, it is not the half-inch button that does all this.

There is the tremendous power behind the button; the huge dams and water turbines (in case of water power) or the enormous boilers, turbines, engines and generators (in steam plants); the wires of high-tension transmission lines, and the innumerable smaller wires stretching like a web from your every bedside out over the whole country.

There are still 14,000,000 homes in the United States remaining to be wired. 14,000,000 unwired homes mean that millions of people are without the benefit of electric light and power in their residences.

Gradually most of these residents will demand electric service, and the electrical industry with the support of the public, will find the means to extend this service to these prospective patrons so they, too, will be able to press that half-inch button.

When Grandmother Was a Girl
HOOP skirts were worn by those who first asked the druggist for, and insisted on having, the genuine Golden Medical Discovery put up by Dr. Pierce over 50 years ago. Dress has changed very much since then! But Dr. Pierce's medicines contain the same dependable ingredients. They are standard today just as they were fifty years ago and never contained alcohol.

Dr. Pierce's Golden Medical Discovery for the stomach and blood cannot be surpassed by any tonic and alternative today.

When you feel "all out of sorts"—your vitality at a low ebb—the blood becomes surcharged with poisons! The best tonic is called Dr. Pierce's Golden Medical Discovery. Dr. Pierce manufactured this "Discovery" from roots and barks without alcohol—a corrective remedy, the ingredients of which nature put in the fields and forests for keeping us healthy. It puts vim, vigor, vitality into the blood. Try it. All druggists. Liquid or tablets.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to keep your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.—Advertisement.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisifted cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonsful of Multisifted will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisifted cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Be sure your druggist gives you Multisifted.—Advertisement.

Clear your skin with Resinol
Ointment and Resinol Soap. They soothe the inflamed spots, reduce blotches and eruptions and usually produce a healthy complexion in a surprisingly short time. Try them and see.

CENSORSHIP UP TO PUBLIC, SAYS MISS BARRISCAL

Movie Star Arrives in Oakland—Talks of Film Problems.

"Motion picture censorship is up to the public, I think," declared Miss Bessie Barriscale, motion-picture star, on her arrival in Oakland, land.

"If the public wants and demands the improper kind of films, it is sure to get them. That is what it has been demanding and that is what it has been getting," she says.

Miss Barriscale says that there has been a great deal of agitation in the motion picture producing centers in Southern California to make better pictures and she expects to see a much higher standard of productions when the studios reopen after the present slump than has been known ever before.

"The producers made poor films too long," thinks the star. "For too long they tried to make money on the mere mechanical idea that motion pictures are marvelous and on this theory they gave the public any old kind of film."

CITES FILM POLICY
"Then they saw that they could only market the good films, but kept on making poor ones just the same. The selection of good or bad was made after the pictures were made, and not before."

"Naturally such a process was too expensive to last. Every good picture had to pay the costs of producing several poor ones. Then the studios had to quit, in order to work off the second-rate films for whatever money could be gotten out of them."

"When the studios start up again every cent will be carefully spent on good production with as little waste as possible. It will be found that the better films can be made at a much less cost."

Miss Barriscale says that there is a concerted effort being made by producers to cut the salaries of stars, which is being vigorously fought by the stars themselves.

MANY TO HOLD OUT
Many of the actors and actresses have enough money that they can hold out in the fight for the old scale of high wages, but many of them have lived up to their incomes and will be forced back to work soon at the lower scale.

In regard to the entrance of Clara Smith Hamon into films, she said: "The motion picture industry is absolutely opposed to Miss Hamon's appearance in films. The industry should not be judged by her work. If she makes successful films, the motion picture folk should not be criticized."

"Most of us are opposed to such productions. They will only be successful if the public patronizes them. And if the public does—that is not the fault of the industry as a whole."

Miss Barriscale is here with her husband, Howard Hickman, and will star in the premiere of her husband's new farce comedy, "The Sarah Wilson, commander of the local organization, and personal friend of Lincoln, is in charge of the ceremonies."

A picture of Lincoln will be enshrined in a monument to be erected in the City Hall plaza, which will be the central site for the exercises. A reproduction of the memorial used in New York at the time of his death will mark it. It will bear the words, "We mourn the death of our President." Florists of the city have offered to contribute appropriate floral offerings. Citizens are called upon to donate cut flowers for the decoration of the monument. The park department is co-operating with the woman's organization.

Music and addresses by prominent citizens will mark the three-day anniversary program. One occasion is being set apart for the colored people of the city, the colored leaders arranging the exercises.

Father Asks Court To Imprison Son
SAN FRANCISCO, April 12.—Spectators in Superior Judge Roche's courtroom and the officers of the court were treated to an unusual spectacle yesterday when Adolph B. Berg, aged father of Adolph Berg Jr., a prisoner, arose and begged the court to send his boy back to San Quentin penitentiary from which he was recently paroled.

"I have done everything I could for my son," said the aged parent. "I have given him money, supported him, fed him and nurtured him, but I cannot prevent him from doing wrong. He passes checks faster than I can make them good, and I think it was he who burglarized my home recently. He is past my assistance and I will ask your honor to send him again to prison."

Berg, serving a sentence for forgery, was paroled. After flooding the city with spurious paper, according to the police, he was re-arrested and appeared today for sentence. Judge Roche sent him to San Quentin, where he will serve the remaining two years of his original term.

Capt. Von Mueller Election Victim
GLENNVIEW, Prussian Silesia, April 12.—Polish newspapers assert that the German Captain Von Demming, who last Thursday attacked and wounded three officials of the inter-allied plebiscite commission here and was himself shot and killed by another member of the commission, in reality was Captain Karl von Mueller, commander of the German commerce raider Emden.

AD. CLUB IS TOLD OF CAMPAIGN TO BOOST EASTBAY

Eugene Bowles Presents Plan
To "Cover" All Fields
With Literature.

The executive committee of the Alameda county advertising committee met this afternoon to consider the draft of a national advertising campaign prepared at its request by the secretary, Eugene Bowles, director of publicity of the Oakland Chamber of Commerce.

On the basis of this plan of advertising, the finance committee is to be put to work gathering \$150,000 fund for a three-year campaign.

The plan as prepared by Bowles covers advertising in magazines, technical publications and newspapers, billboard advertising, motion pictures, all types of literature in the form of booklets, folders, postcards and maps, and stickers for automobile windshield.

PLAN OF CAMPAIGN

The general scheme is as follows:

Shipping and port development publications—To reach ship operators and port development in order to attract them to the already established docks of the Eastbay and to further the development of unoccupied portions of the waterfront.

Manufacturing publications—To attract more industries to the mainland.

Financial publications—To call the attention of moneyed men to Alameda, both as a field for investment and also as a place of residence.

Agricultural publications—To exploit the ranching possibilities of the county and also to attract the gentleman farmer to this section.

Outdoor and tourist publications—To draw to this section those interested in winter sports, motor boating and yachting, automobilists and travelers.

Wholesale publications—To interest wholesale houses in the logical shipping point for the Pacific coast.

Newspapers—To reach the general public in selected sections of the country.

Billboards—To advertise Alameda county where crowds gather, as at national conventions.

Motion pictures—To be circulated throughout the United States in motion picture theaters, chambers of commerce and before lyceums.

Stereopticon slides—To be used in illustrating lectures throughout the country.

Literature—To be sent out to carefully prepared lists of "prospects" and in answer to inquiries for information on the opportunities in Alameda county.

The plan emphasizes the advertising the harbor possibilities as being practically a virgin field with the greatest future of any section of the country. It is contended that the convenience with which rail can be made to meet water here, together with the growing trans-Pacific trade, offers the largest local field for development.

Next in importance comes the advertising for industries. It is held that this section already is largely advertised by already established plants, and the use of "follow-up" literature in this respect will be in the nature of "follow-up" advertising.

The importance of attracting small ranchers and gentlemen farmers is pointed out and this is based on inquiries coming to the Chamber of Commerce. It is asserted that large numbers of retired businessmen are looking to Alameda county as a place of residence in their later years.

McChesney School Athletes Register Ties Of City Records in Tryouts for Coming Meet

50-Yard Dash and 70-Pound High Jump Are Equaled
and Many Other Good Marks Are Set

McChesney school inter-class track meet put 100 per cent boy students into an athletic contest in relay high jumps, board standing and broad running jumps on the Fourth Avenue Heights grounds yesterday afternoon. Representatives of the district and the school faculty directed the track sports which decided the lists of boys who will represent McChesney in the general track meet of all the Oakland schools which will take place within a few weeks.

Lester Pereria in the 50-yard dash met the city record in 12 minutes. The city record in the 70-pound high jump was tied by Randall Wilde. Howard Parker led the high jump in the 85-pound class. Tony Cardalino, 11, and Marshall Spencer, 6, were winners in the 50-pound broad standing jump. Leonard Rose made 82 in the 70-pound class.

In the broad running jump Tony Cardalino made a second record of 12.3 against his nearest competitor, John Pavon, 12.

The entire school of 600 rooted for its athletic heroes.

FAMOUS DOCTOR TO INVESTIGATE CONDITIONS HERE

Editor "Industrial Medicine"
in Oakland Welcomed
By Physicians.

Dr. John A. Lapp of Chicago, Ill., authority on Industrial Medicine and managing editor of "Modern Medicine," arrived this morning in Oakland to make a survey of local conditions. He will visit the industrial plants along the waterfront, the County Industrial Hygiene Sanatorium, and devote considerable attention to the operation of Alameda County Health Center at Third and Grove streets. A group of physicians and those interested in industrial medicine, headed by Dr. Alvin Powell, president of the Alameda County Medical Association, welcomed him at the train.

A dinner at Hotel Oakland tomorrow night will assemble a half hundred guests in honor of the distinguished visitor. Dr. Robert Legge will preside as toastmaster. Dr. Lapp will be the principal speaker.

Among those who will be present are Mrs. Mark L. Requa, Mrs. C. H. King, Mrs. Annie Florence Brown, Mrs. Thomas Mitchell Potter, Mrs. Fred C. Turner, Miss Eva M. Yorken, Dr. Alvin Powell, Dr. Erigo A. Majors, Judge C. E. Snook, Dr. Dudley Smith, Dr. Milton Shutes, Dr. Morton (Ribbons), representing the state industrial compensation commission, Superintendent of Schools Fred M. Hunter, Dr. Charles A. Dukes, Dr. H. G. Broderick, Dr. William L. Bell and a party of doctors from San Francisco, including Dr. Gilbert Barrett.

Election Returns Will Be Flashed by Tribune

First-hand election information in different polling places as they are coming in, and returns just as counted by the election clerks to the Tribune office where they will be at the various precincts, will be flashed on the big screen for public on a giant screen at The Tribune building, Thirteenth and Franklin streets, next Tuesday, election night, beginning at 8 o'clock.

In accordance with its usual custom, the Tribune's editorial department will be open throughout the night and special staffs of news writers and election experts will be on duty to keep Oaklanders posted on election returns up to the minute. The Tribune Tuesday night will bring into play every known device for getting the results of the election immediately after the polls close and news returns and figures will be flashed upon the screen and distributed by the Tribune's special wires from the district.

CHRISTIANSON IS RELEASED ON WRIT

Attorney T. L. Christianson's first step toward fighting imprisonment on the order of Judge A. F. St. Sue for contempt of court was taken yesterday when his release from the county jail was secured on a writ of Habeas Corpus in the District Court of Appeals in San Francisco on \$100 bail pending the hearing April 22.

At the same time disbursement proceedings against Christianson are being considered by the Alameda County Bar Association.

Christianson was found guilty of contempt for advising a client, Edward L. Ladd, to appear in court and was given 15 days or \$250 fine to pay, taking an appeal.

If the Appellate Court upholds Judge St. Sue, Christianson will pay the fine, he announced today.

Improvement Club Recorded Against Consolidation Plan

Attempt to put the East End Improvement Association of Alameda on record in favor of county consolidation last night failed when the club voted 13 to 7 against a proposal made by J. Kearney, husband of Mrs. Harriet W. Kearney, member of the Board of Freeholders.

Kearney appeared at the meeting backing the proposed borough plan as adopted by the Freeholders and was supported by Luther Rood, a reporter on an Oakland paper, favoring consolidation.

The proposal was squelched after Ernest R. Neiss, elected president of the club at the meeting, declared that although he was open to conviction, he could not see any advantage to Alameda in consolidation under the present plan, and proposed that the club should take no action until the question had been more thoroughly gone into.

WILL DISCUSS SUBJECT

Subsequent to the defeat of the attempt to gain consolidation approval, Kearney entered a motion that the club should devote at least a half hour at subsequent meetings to the discussion of the general consolidation question, which motion was carried.

According to Fred L. Krumb, chairman of the publicity committee of the organization, today it is now proposed to arrange a meeting at which consolidation will be jointly debated. The question also will be raised on April 25 when the club has invited the Chamber of Commerce, the North-end Improvement Association and the City Planning Commission to meet with it.

The consolidation issue arose after A. W. Woerle, president, had resigned, because of business reasons, he said, and because he differed with ideas regarding publicity given the club with relation to consolidation, it was unofficially reported.

Neiss, who has been an opponent of consolidation, was immediately chosen as his successor.

In argument on the subsequent motion of Kearney for consolidation approval, A. E. Freeman was one of the chief speakers. He discussed ideas of county saving under consolidation.

Neiss took the directly opposite view as did other club members, asserting that it would take evidence other than that which they already had received to cause him to approve the project.

Determination for a joint debate was made unofficially and the date has not been set.

TAX INCREASE OPOSED

At the meeting of the East End Improvement Club in Alameda last night an effort was begun to obtain from the Alameda city council pledge to make no further increases in the tax rate for the next two years. After considerable debate upon the matter it was decided to withhold further action until a conference upon the subject could be held with the other civic organizations of the city. The motion was referred to the club's operation committee. It was thought that concerted demand from all the organizations would be better than if the east end organization played a lone hand.

Engine Works Wharf Destroyed By Flames

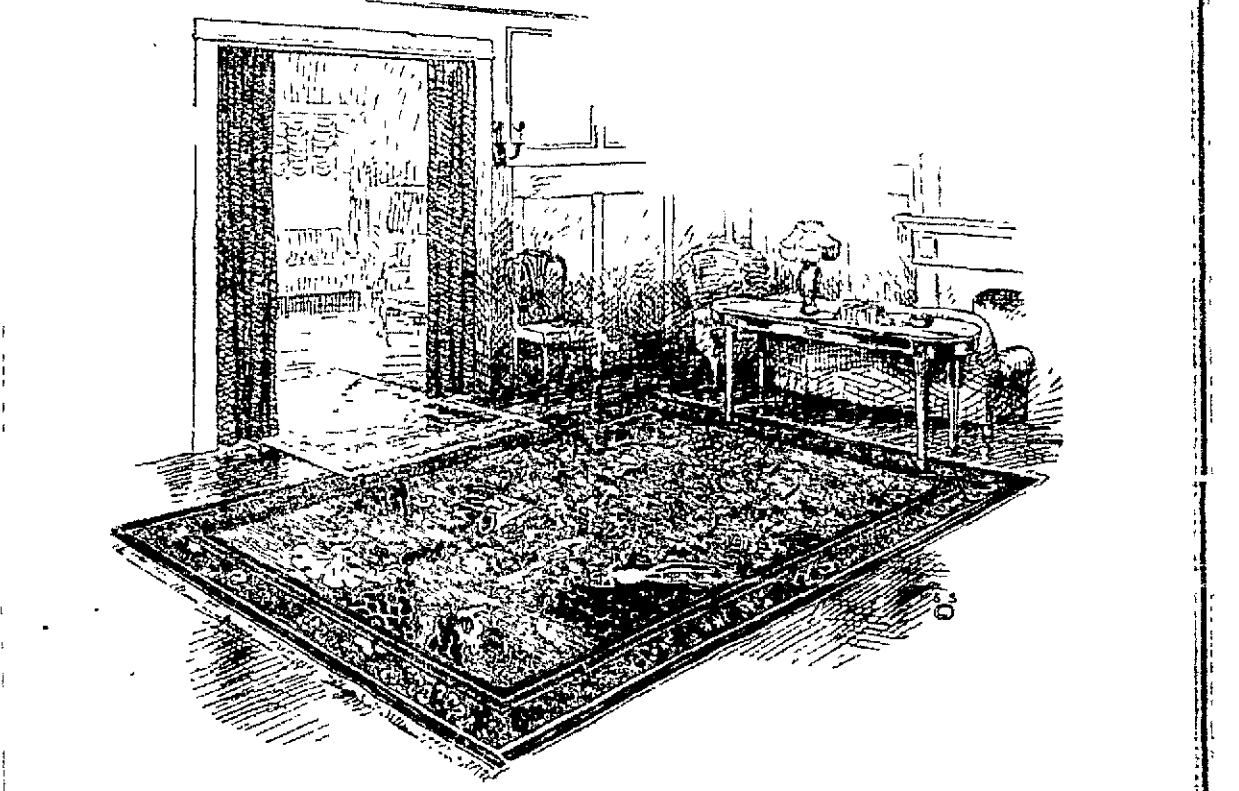

The platform and piling of the wharf back of the Skanska Pacific Oil Engine Company, 2892 Glascock street, were entirely destroyed shortly before noon today in a fire believed to have been started by a spark from an engine. The damage is estimated at \$2000. The plant proper of the company was untouched as the conflagration was confined to the wharf.

A small blaze, caused, it is believed, by friction, broke out in the gutting department of the California Cotton Mills at about the same time. It proved to be of only a few minutes' duration. Practically no damage was done, it was reported.

GREAT AIR FLEET OF GIANT PLANES PLANNED BY U. S.

War Department Gets Specifications of Largest Aero Machine Ever Built.

WASHINGTON, April 13.—High officials of the war department have been in conference for several days with the producers of a new gigantic passenger-carrying airplane, which the government may adopt for its air forces, it became known today. The design is now undergoing tests at the bureau of standards following unofficial tests at various scientific institutions.

Final tests are satisfactory, it is stated, the war department is considering the construction of a number of planes which will form a battle fleet of the air, capable of long distance flights, heavy armament and great destructive power. The machine is the creation of a number of noted American engineers, many of whom helped in the designing of the American warplane. It is being built privately by Pacific coast firms.

OFFER FROM JAPAN.
Representatives of these men have been in conference with Japan, offering a million dollars for the plans alone.

Those backing the machine are: A. W. Heltman and C. H. Avey, Los Angeles, and Oliver E. Jeffery, J. G. Richardson and J. D. Hill of Portland. Jeffery has been in conference with Major General Charles F. Menoher, of the army air service, Dr. Samuel S. Stratton, bureau of standards and Captain W. A. Moffitt, navy department.

The new airplane is said to be the largest ever constructed in the country and is a rival of the Italian Caproni, although only half the weight of the latter.

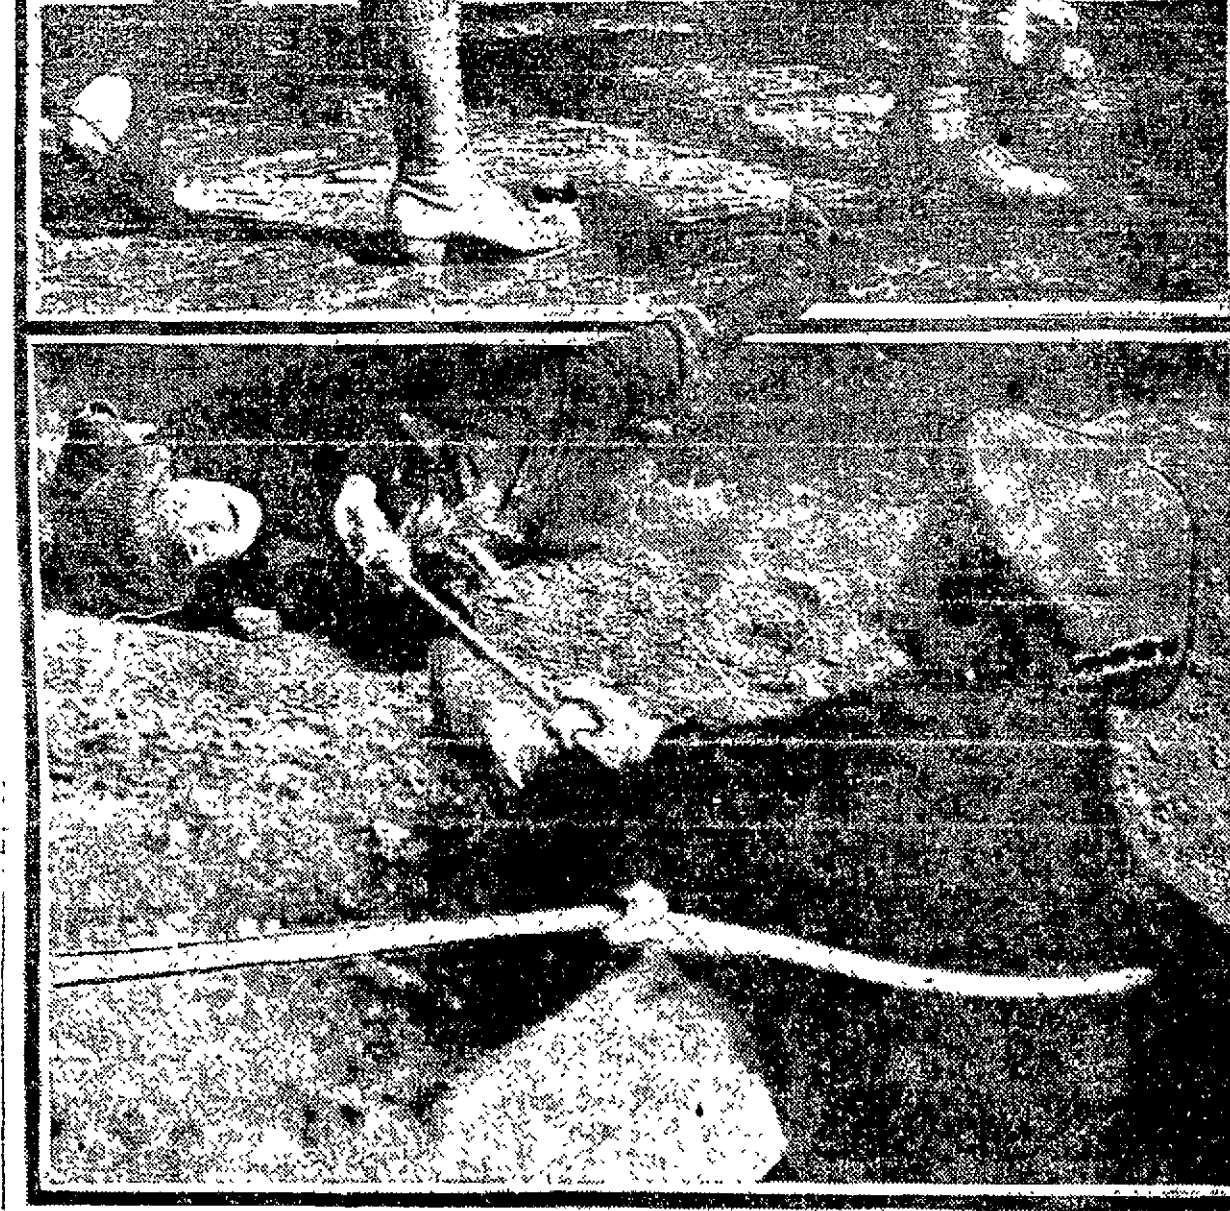

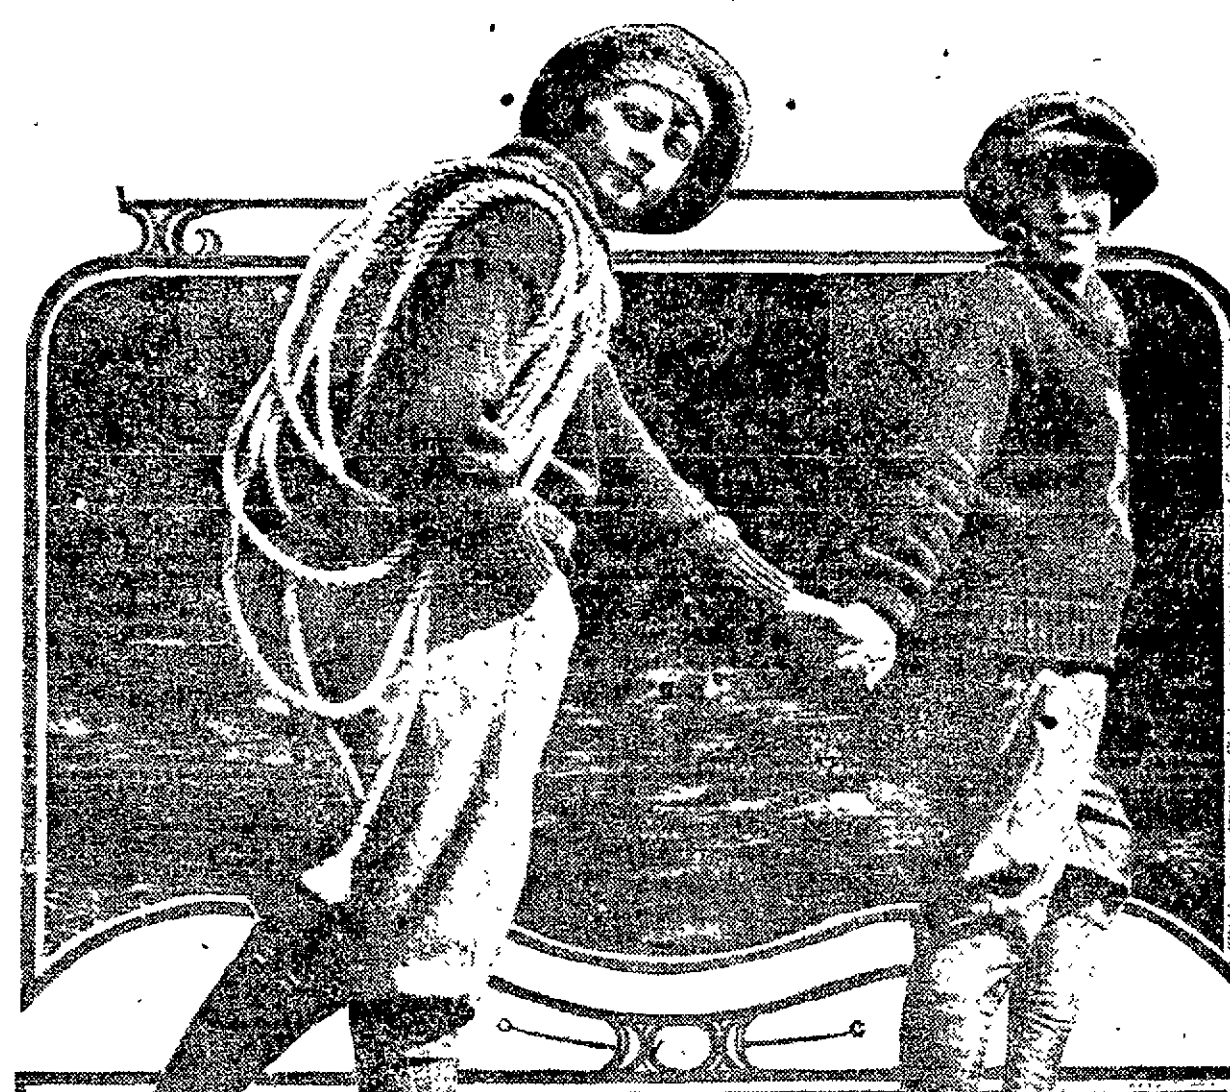

CARRIES MACHINE GUNS.
It is said to travel at the rate of 115 miles an hour, with a fuel capacity of 1500 gallons. The makers say it can make a non-stop cross-country flight in 18 1/2 hours.

While designed primarily for commercial use, the new plane when adopted for military use, can carry a load of latest type bombs and can also mount six machine guns.

The engineers and backers have several hundreds of acres at Glendale, near Los Angeles, where it is proposed to erect construction plants.

Girl Mountain Climbers in Slide for Life

Thrilling Experience in Zion National Park Related; Fatal Slide Down Mountain Prevented When One Student Seizes Small Bush and Stops Rush

Slipping on a loose rock and sliding rapidly down an almost vertical wall, only to grasp a small bush in the nick of time and check their descent—this is one of the many exciting and unique experiences which Melba Dunyon and Mildred Gerrard, University of California students, whose adventures with an expedition of girl mountain climbers through the in-

ferno recesses of the spectacular Zion national park region are featured in a story by Byre Powell in the May issue of the magazine. During their trip the girls had many exciting and unique experiences, but the most perilous was what is described as their spectacular slide for life. The three university girls were climbing a steep shale slope above a deep gorge. Miss Gerrard slipped on a loose rock and slid rapidly down toward the gul-

pulling Miss Dunyon after her and reversing the line tied about their waists. For a moment it looked like a long drop for all three, but Miss Gerrard managed to grasp a small bush and Miss Dunyon dug her heels into the shale, and, with the aid of the rope, they stopped the runaway on the brink of the chasm. Both Miss Dunyon and Miss Gerrard came to the University of California from Salt Lake City.

The Rev. C. F. Viking has found that the Chinese are not much different from other human beings.

He made that declaration today following a visit to the Orient, where he has spent the last twenty years as an apostle of the Zionist church of Zion City, trying to convert the Chinese to the teachings of John Alexander Dowie.

"Thousands of Chinese have adopted our teachings," he declared. "They have accepted all of our doctrines, including the belief in the efficacy of medicine and the laws which forbid us to smoke or drink."

Later, he said, he will return to the Orient to center his efforts on a crusade against drink.

DISHWASHING AT U. C. FROWNED ON

BERKELEY, April 13.—Dishwashing through college is not a proper thing for University of California students, in the opinion of Professor J. V. Breckinridge, and he recommended that students who are "working their way through" should find some work which would give them a greater training and more lasting benefit.

Men who are working outside of class hours should not count more than four hours a day of work, he says, for if they work longer, either for pay, or in college activities, they are bound to fall below the college scholastic average of 2.0.

The "lost motion" and "false economy" of the students is decried by the professor. He declares that more time is lost by the students in securing books from the library, and in doing other routine work, than they can afford. He has figured that the average wage earned by students is 40 cents an hour, and at this rate the books secured from the library ten times during the college year could be purchased and resold second-hand.

Five hours is lost every time a student must use a reference book for an average of ten times during the year.

The professor does not believe that students should try to work while in college. He declares that it is better to work for a year before coming to college in order to devote more time to classes.

THIS GRAND OPERA IS MEANT FOR EYE AS WELL AS EAR

'Carmen' Transcends 'Othello' in Wonderful Colors and Conception.

By LAURA BRIDE POWERS
Here to the superb woman who has brought to California the most perfectly thought-out manifestation of art that ever reigned our senses—Grand Opera that is meant, not for the eye alone, but for the eye and the exalted emotions that are stirred through line and form and color, as well as sound!

It is something for us feminists that we should have a woman who have no grasp of big things when they have a knack for details. Ah! adorable Mary Garden has thrown this bit of Solomonic wisdom and baggage, into the sea of things that were. And here's to her again, artist and technician!

And may we say in token of appreciation of the impeccable achievement of the artist and her people, that when she and they come again to drug our senses, that we may meet them in a sure-enough opera house that will not compromise their artistic problems that the Auditorium, built for wholly different purposes, has unavoidably created. The illusion of beauty, by a superb effort, has been created in the big room, and a lasting success in acoustics achieved. But there are the technical difficulties of scenery-shifting without the facilities that obtain in a theater, an opera house. And this difficulty has been the cause of the long waits between acts that must have put the artists on edge. But there was no way out, but to let the stage be a blank, and so but a few minutes the wait gave the women in the boxes and "parterre" a chance to go about and visit, and incidentally to add to the color of the night?

Color! Ye who love color and line and form, though you be deaf as a mackerel, don't lose the chance to see the pictures that—for two forgettable nights have obsessed the receptive.

If "Othello" was gloriously set, if its purples and reds were massed with dramatic effect against the colors, if the grouping was Brangwynian in its conception—nothing happens with these Chicago people—then Carmen transcends it.

A Beaux Arts man sat next to me last night, and at the great Auditorium, dressed with nifty into the aesthetic accoutrement of an opera house, is its depth and breadth of stage. It has enabled the company's master of stagecraft to sweep away for his "properties," a thing he has never found outside of New York. And that's something, if the waits were long, and the last "curtain" last.

Did you notice that San Francisco and her neighbors no longer commit the artistic sin that even New York is often guilty of—applauding when the continuity of the scene would be impaired? And another thing—that the greatest warmth of applause came from the gallery?

Why? Are we of the West becoming so elegant that we are repressing the finest expressions of our emotions—the sons and daughters of Pioneers who felt fully and expressed fully what came to their big hearts and souls? Let's watch out.

Tonight, Travolta and depend upon it, it shall be no pale Travolta that these prophets of color will present.

\$25,000 OPIUM IN SUIT-CASES SEIZED; 6 HELD

SAN FRANCISCO, April 13.—Opium worth \$25,000 was seized on the steamship Korea Maru of the T. K. K. Steamship company on the waterfront early today. The narcotic was concealed in a box on the lower deck, and was seized by Chinese and Japanese stewards on the vessel. A customs guard became suspicious at the sight of the suitcases piled in a row on the lower deck, and called for the Chinese and Japanese stewards on the vessel. Dollar Day Brings Out Great Army of Shoppers

Dollar Day in Oakland was ushered in at 8 o'clock this morning and soon a great army of shoppers was on the move. The great bargain-day rush, which at the present writing, is humming and buzzing in all downtown Oakland.

Crowds that resembled a festival gathering thronged the streets early and continued to be very much in evidence throughout the remainder of the day. At 11 o'clock reinforcements of clerks were being rushed up to take care of the great attack launched by the army of shoppers who were so eager to gain their objective.

The various stores were several times called upon to act as traffic directors and to disengage the crowd, part of which was determined to go one way while the other half insisted that it had a right to go the other.

DOLLAR IS KING
Mr. Dollar sat by all day and smiled at the great parthena which had been set up in the city. He had felt so important and powerful as he felt today. Coasting on the sidelines of the arena were Old Man Dollar and Miss Quarter, who also had a prominent place in the day's events.

UNITARIANS HEAR OF CHURCH WORK
The second session of the triennial conference of the Unitarian church was held today in the First Unitarian church, San Francisco, with Professor William H. Boston of Stanford University presiding. The opening session of the conference, in which 26 churches representing the Pacific coast from Bellingham to Washington, and San Diego, California, were held last night with Rev. C. S. S. Dutton, pastor of the First Unitarian church, San Francisco, presiding.

The morning session was given over to the hearing of reports and to a series of three addresses on church work, given by Rev. Howard E. Bond of San Diego, Rev. Martin F. Farnsworth of Sacramento and Rev. H. E. B. Speight of Berkeley.

At 12:30 o'clock the spring luncheon and music of the conference was held. The afternoon session was given over to the hearing of reports and to a series of three addresses on church work, given by Rev. Howard E. Bond of San Diego, Rev. Martin F. RAVENS' GUILT LIMIT FOR HOTEL VERNON ROBBERY

Ralph ('Spike') Jones Pleads Guilty On Advice of Attorney.

Ralph ('Spike') Jones, arrested in the raid made on the "Thirty Strong" gang's headquarters some weeks ago and accused of having held up and robbed the night clerk of the Hotel Vernon, today changed his plea to guilty before Judge G. E. Samuels, waived time for sentence and was ordered confined in San Quentin prison for from one year to life.

Eddie ("Boston") Lenthall, accused of having been Jones' associate in the Hotel Vernon robbery and who has pleaded not guilty will come up for trial April 22. Another charge against Jones, the slaying of an automobile driver, has been dismissed on motion of District Attorney Ezra DeLoe.

Jones was advised by his attorney, Milton Sever, and his associate, that he should plead guilty, as the evidence against them seemed conclusive. The hotel clerk who was robbed was relieved of \$50, most of which belonged to the hotel.

George Gage Begins Fight For Liberty

The fight for liberty of George Gage, son of the late Stephen Gage, a soldier of the Civil War, began today. On the last of the five days while the law allows him to fight to defend his right to liberty, Gage sent his appeal for Agnew. His trial will start today. His attorney, C. A. McGee, appeared with his client and asked for a week's continuance. He said he wished to summon psychiatrists and other experts on insanity and had not had sufficient time to secure witnesses. Gage is confined at the Emergency hospital pending the trial.

That's because of a long radio conversation he had with her the other night. It is the custom of amateurs to call each other "OM," or "old man," in the course of their wireless talking. That is what Wood did.

So on looking his friend up in the directory of operators, he discovered that she is a young lady. He has written an apology. "I'm going to call you 'old girl' but 'OM' has its own abbreviation for 'old girl'."

Tim Wood received a reply from his radio friend of the north—

"I'm used to being called 'OM' and enjoy it immensely. I enjoy it especially when some operator who really thinks I am one calls me 'OM.' Around here the boys generally call me 'OW' (old woman) on week days, and (on

"Sterling" and "Underwrite Label" on Safes

Your only reason for buying a safe is to protect yourself against the loss of valuables, whether currency, jewelry, business records or documents. Yet a superficial examination of any safe does not tell you how it would stand up to a withering fire, nor what would happen if it were caught under the crash walls of a burning building.

It is this assurance that you get when you see the Underwriters' Label on the GLOBE-WERNICKE SAFE. It is a guarantee of structural strength and performance awarded by the Underwriters' Laboratory—an impartial body of engineers supported by the insurance companies.

In awarding the Geshe-Wernicke this guarantee label, the board of engineers subjected it to a more grilling than would prevail in one out of a thousand fires. First they put the safe for an hour in a furnace preheated to 1850 degrees.

Wallace M. Hussey, secretary of the Realty Syndicate company, who was commissioned a captain of infantry during the world war, has been appointed

commanding officer of the Oakland land platoon of the California Guard. Tomorrow here, it was announced, Husey became a member of the Gray 1st. A year ago and has risen from a private to the rank of first lieutenant. He is a new recruit which is being formed as the result of a demand here for representatives to serve as official escort to visiting dignitaries and to participate in parades, which will be initiated with the San Francisco company.

The membership of the platoon is limited to 75 and in an effort to secure recruits, its members will conduct a dinner and smoker tomorrow night at the South-Rite cathedral, 1433 Madison street. A program of entertainment has been planned for the evening and members of the San Francisco company will be guests.

Distressing Malady Is Most Prevalent of All Present-Day Diseases—Thousands Are Relieved by Tanlac.

Of all the conditions that afflict humanity, chronic dyspepsia, or what is more commonly known as indigestion, is probably the most prevalent. This most universal malady has baffled the medical profession for years, and the most skilled specialists have been unable to cope with it successfully.

Hours might be consumed in describing the suffering mental and physical, of the sufferers from chronic dyspepsia and their failure heretofore to get relief. A morbid, unrelaxing, whimsical and noticeably nervous condition of mind, accompanied by the nervousness and physical suffering, is the usual condition of the

more evident. When this stage is reached the loss of appetite, the mental depression, and the general uncomfortable feeling in the stomach are already more pronounced. This is particularly true in acute gastritis.

It frequently occurs that continued errors in diet that the condition becomes chronic, and the symptoms persist for an indefinite period. The appetite is very apt to be varied, but at times very good. Heartburn, belching, flatulence, constipation, the stomach is painful on pressure, the tongue is coated, there is a bad taste in the mouth, and there are changes in the color of the face and skin. Constipation is also usually present, although diarrhoea may alternate.

Most cases of dyspepsia can be cured if the diet is properly looked after and with the proper treatment. Proper eating, the proper amount of food and hygienic living are the most important features of the cure. People eat too fast and eat too much.

One noted authority has said that

Attorney Theodore Bell lost his suit to be named administrator of the \$400,000 trust fund left by Miss Josephine M. Johnson of San Francisco, when Judge A. F. St. S. sustained the demurrer of William S. York, who accompanied Bell's petition to be appointed administrator.

If Bell continues the fight his next step will be an appeal from the judgment to the appellate court and is said.

When Miss Johnson first created the fund, which is for the establishment of manual training schools for Franciscan counties she named Bell executor. Later she revoked this and named York, who is now being released, it was brought out.

Bell's contention in the present suit is that his release was not legal, because it was not recorded by Miss Johnson.

ALONG the Apache Trail in Arizona the motorist can see the dwellings of a race—now believed to be extinct. These cliff dwellings are at least 400 years old and it their walls could speak they would tell a most dramatic story of romance and conquest.

Arizona has more than its share of interesting places to lure the motorist. There he will find many Indian reservations—the homes of Apaches, Navajos, Hopis, Mohaves and other tribes. There, too, is the famous Roosevelt Dam and the incomparable Grand Canyon of the Colorado River.

And wherever he goes the motorist can be sure that his motor fuel will be right—because Red Crown Gasoline is sold everywhere.

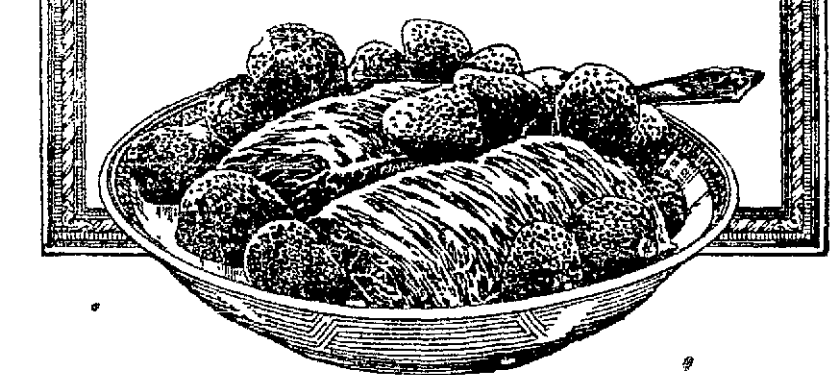

Look for the Red Crown sign on service stations and garages.

Put Avicol in the drinking water.

Most people lose half of every hatch, and some as much as three-quarters. Chickens with white diarrhoea is the trouble. The U. S. Government has found that over half the chickens that died did so from this cause.

An Avicol tablet is the drinking water for chickens. Within 48 hours, the sick ones will be as healthy as crickets.

Mrs. Wm. May, Rogers, Ind., writes, "I was losing 10 or 15 chicks a day from diarrhoea before I received the Avicol. I haven't lost one since."

It costs nothing to try Avicol. If you don't find that it prevents and cures the white diarrhoea of poultry, tell us and your money will be promptly refunded. Avicol is sold by most druggists and poultry remedy dealers or send 52¢ (includes war tax) for a package by mail to: **Kerrul-Duenger Co., 100 Columbus Bldg., Indianapolis, Ind.**—Advertisement.

Edwens Hazen, aged 58, yesterday hanged himself in the barn at the rear of the Hazen home at 191 Twenty-eighth avenue. Hazen had been suffering for the last three years from nervous disorders.

He had been sick and in a despondent mood for a considerable period. The rest of the family had been making it a practice to watch him closely. Yesterday he went out to the barn and his wife, Elizabeth Hazen, and their son, missed him shortly afterward and followed him.

As they entered the barn they saw him standing on a rafter with a rope about his neck. Before they could stop him he plunged to his death. Hazen had been employed as a telegrapher.

YOR DAVIE READY TO PITCH THE FIRST BALL AT EMERYVILLE

Luncheon, Speeches To Mark Opening of the 1921 Baseball Season Here

By EDDIE MURPHY

There are many signs that the Oakland ball club is home, and its first game of the season on the home lot in Emeryville this afternoon. This morning "Freckles," the office boy, was "chief" of the office telling him how sick his grandmother was. John L. Davie for the first time in a year cranking his axle. That is how his honor works his arm into shape for the first ball. Frank Ish requested Herbie McFarlin to a box at the ball park for his family tomorrow, and Francis Edward, J. Cal Ewing, Max Horvinski and Harry Anderson when their straw lids out of the moth balls and had them dried. That means the annual grand opening of the baseball Oakland will be celebrated here tomorrow afternoon.

Witwer Welcomes Baseball Season That Opens Today

By H. C. WITWER
(Written for the United Press)
Well, boys and girls, today is the most important day in history since Columbus stepped off the ship and raising his well-shaped eyebrows remarked: "So this is America!"

Every nation in the world has its own particular method of relaxation. England and Ireland, for example, play the quaint but thrilling game of Sinn Féin and make each other like it.

In Russia the national pastime is throwing dynamite and wishing it would be as easy as hasty in hooking the car.

France gets recreation by making faces at the new German ambassador, whilst in Germany the favorite sport is all sitting around a der Biergarten wishing it was 1913.

However, in the land which joins the Anti-Saloon league, but greeted the League of Nations with a sarcastic smile, baseball is our national way of letting off steam.

Today is the opening of the big league and to us is the biggest opening we have during the year. It is a day when we must admit, that is a considerable opening.

Over the once land of the spree wherever there is a major league baseball town, thousands of other-wise normal Americans, will stamp perfect strangers on the back, yelp their heads off and go home to dinner hoarse and late, but happy.

Baseball is how we victims of the income tax, drugstore gain, the blue law agitator and most of the movies keep from going crazy.

The umpire who makes the raw decision at once becomes personal enemy. A moment before we regarded him with casual interest, now he is a hated and hated enemy and sincerely want to murder him.

The guy who claims out the three-bagger with the bases as full as revenue officers is, to our minds, a scoundrel. That is what we would have done.

And so for two hours or more we sit and yell and argue over the fortunes of nine men with an interest in what each one does that we would rather watch than we are in the twenty or more countries who compose the League of Nations.

Maybe that is what's the matter. There are too many in that league.

Maybe that is what's the matter. There are too many in that league.

Maybe that is what's the matter. There are too many in that league.

Maybe that is what's the matter. There are too many in that league.

ENTRIES ANNOUNCED FOR CALIFORNIA VS. STANFORD TRACK MEET

Kirksey and Hutchinson in Sprints May Break Some Intercolligate Records.

By DOUG. MONTELL

No change in the Stanford-California track situation took place yesterday save for the official announcement of entries by the respective coaches, Messrs. Templeton and Christie. Despite the fact that California appears to have considerable of an edge, sport fans are looking forward to the annual track clash Saturday as the big event of the year for Stanford has an uncanny faculty of always giving Old Man Dope the merry ha-ha when the day of the meet rolls around.

Morris Kirksey is the most talked of individual in the coming meet and must be conceded the best bet of the season. Whether Kirksey is capable of taking the prize of the Stanford captain in one or both of the sprints remains to be seen but the odds are heavily against him. Kirksey is a 100-yard event and has a slight edge in the 220. This latter race should be a close one for Hutchinson has hung up faster time than Kirksey in the 220 this season. Hutchinson has a better record in the 100-yard dash than Kirksey. With keen competition it is highly probable that on the fast Stanford track there will be a spilling of records. The 100 mark has stood at 10.1 for many moons and as both Kirksey and Hutchinson have been clocked at many times under various conditions the odds are quite likely to go. For Murphy is quite likely to go for the 220 record at 31.3 and this likely to lower his mark.

Chance To Break The Relay Record
Speaking of records it would not be so much of a surprise were the relay record lowered this year. The California team appears to have the edge in this event. The Stanford team is not officially announced his line-up it is thought to be Spratt, Henderson, McDonald and Henry. Oxy will be able to steal the distance in less than 50 while Spratt has done no relay work yet but can step a quarter in about as good time as the quarter miler and Henderson is around 23.5. Saby, the third Bruin quarter-miler is good for 31 and may be used in the fourth mile around 35.5. Harry McDonald and Oxy Henderson will do a battle between them for the 100 yard dash and if they fight each other for 40 and if they finish the record of 38.4 held by the Stanford team should be broken. Lack of competition for Stanford in certain events will prevent them from being broken that the Bruins track people are sure to do. Take the two-mile for another case. Charlie Dorr has already recorded time of 16:40 in the record time of Crabbe of California, 15:34, but neither Edelman or Rousseau are likely to break the California distance star. The best competition will come from his running season and if Dorr doesn't carry on a debate he did in the Michigan meet he can set a new mark in a night's work.

Either Curt Majors or Flint Hanger should set a new Stanford-California mark for the javelin throw. Majors did 122 feet Saturday and Hanger is reputed to hurl the spear 135 feet. The javelin for first place should produce a new distance for the spear. No other field event shows any signs of being a record breaker, for too many records being sought for in one day would produce too much excitement. Any Stanford-California track meet is worth the price of admission and if the coaches have their own losses after all the records in one season there would be no kick in coming years.

The official list of entries as announced will be:

100-Yard Dash—Hutchinson, Kirksey, Calden, Cole (C); Wells, Kirksey, Carey (S).

Babe Ruth Is Out To Make Seventy-Five Home Runs

(By International News Service.) NEW YORK, April 13.—Seventy-five homers in 1921!

Babe Ruth started his quest for the new record here today when the Yankees and Philadelphia Athletics opened the local baseball season at the Polo Grounds.

Thousands of New Yorkers vied with each other to get into the big stadium to see the Yanks and the "Big Bambino" swing into action. Ruth is the greatest drawing card in baseball, and though he found it difficult to take off poundage accumulated during the winter and entered today's game still a trifle overweight, his attack on his own record of fifty-four home runs made last year will be watched with the keenest interest.

Many a hat has been wagered along Broadway on the record. Ruth's attempt to better his record. He modestly admitted when he returned from Cuba last winter that he "would like to make it seventy-five" this year. His chances of reaching that goal are doubtful, according to the "experts," but that he will pass his 1920 mark is the popular belief.

Judge Landis Issues Advice To Players

CHICAGO, April 13.—Play the game hard and square, Judge Landis, commissioner of baseball, told members of the Chicago Cubs and St. Louis Cardinals and a host of their admirers in an address last night.

"It is literally true to say that never before in any field of activity has anything been scrutinized as will our activity be scrutinized this season," said the judge. "We must put up with grandstand whistles about little misplays for awhile, but the characteristic spirit of fair play will soon smother out the noisy element." Landis said he had received invitations from all the clubs, but would not accept any more.

CHICAGO.—William Demaree, defeated Benito Gardin when a wrenching ankle forced Gardin to quit their wrestling match last night.

MANY LOCAL BOYS ARE IN THE VALLEY LEAGUE

Dick Arlett, Third Pitching Member of the Family, Sets Up a Strike-out Record

"Dick" Arlett, brother of Russell (Buz) and Al (Pop) Arlett, is going to be the star of the Valley League if he keeps on pitching the class of ball he did in twirling the Golden State Stars. Dick is a pitcher in the S. P. Midwinter league, and in the opening game at San Jose last Sunday, he pitched a perfect game, allowing but ten hits, nine runs and winning his game, 3 to 1, over the San Jose Prunes.

The Hanford club is leading the San Joaquin Valley league with two wins and no defeats. Lemore is the only team to lose two games, and the others are tied with one win and one defeat.

"Sal" Stroud was hit hard by the Lemore club, but his teammates on the Hanford club also had their batting tons and won the game for him by a 7 to 5 score. Big Cy Falkenberg, former Oak, did the pitching for Lemore.

"Dutch" Rock pitched a tough loss against the Salinas club in the Mission league. He was on the hill for Watsonville, and allowed only six runs in ten innings, but the Salinas club was leading 2 to 0. But the Salinas boys started a rally in which they scored four runs and won the game, 4 to 2.

Jonny pitched for Salinas and allowed seven hits. Watsonville played errorless ball behind Rock.

Tommy Fitzsimmons played short for Salinas and got two blows.

Pop Arlett's Gilyou club defeated the Salinas club, but it was no fault of Pete Starasiech, the big first sacker. Pete hit a pair of homers, a double and a single and his club got four thousand saw the game.

Milton Steengraffe, formerly of the TRIBUNE Midwinter league and who refused to report to the Chicago White Sox, pitched Tulare to a 10 to 0 win over Visalia. He allowed seven hits and fanned nine. Bill Steen opposed him on the hill.

Jack Conger, who pitched the Hanford club in the TRIBUNE league, is managing Tulare and has a good looking ball club. Jack helped by getting two hits. Claude Mitchell, former Oak, is playing third base for Tulare.

The Madera team got but three hits off big Dave Davenport when he hooked in pitching the dual. Ray Feasting, but the latter won the argument, 1 to 0. Davenport heaved them for Coalinga.

"Gunner" Larkin, who tried to be re-instated with the Sacramento club, was refused, pitched the Bakersfield club to a 7 to 4 win over Dinuba. Schultz, formerly of the Angels, headed off the losers.

Harry Wolter played first base and hit a homer for Bakersfield. Larkin got a pair of hits. "Bunny" Fabrique played third and Karl Crandall second for Dinuba.

"Daddy" Rohrer, Clyde Wares and Fred Muller combined hits to help Hanford trim Lemore.

SCANDAL FORGOTTEN AS MAJOR LEAGUES ATTRACT OLD CROWDS

World's Champion Cleveland Indians Help Browns Pry Lid Off At St. Louis.

By JACK VEIOCK, International News Sporting Editor.

NEW YORK, April 13.—With cheering thousands looking on, the baseball season was opened by the major and several of the big minor leagues today.

Old King Swat came back to his own with a vigor that proves beyond the shadow of a doubt the popularity and solidity of the national pastime.

Though shaken by inter-league disputes and the 1919 baseball scandal during the winter, and threatened with further bumps when the White Sox players and gamblers with whom they are alleged to have conspired come to trial, the nation's pet sport took the center of the stage as in other years.

Regardless of happenings in the past, baseball was welcomed back heartily by the great army of fans. The game itself is too great to be wrecked by the mistakes of a few misguided and near-sighted players. The American and National leagues started their pennant races with bright prospects for one of the most successful seasons in their history.

League race, which started April 5, is just getting well under way. The International League will open its season a week from today.

The prospects of great races in the major leagues are bright. The Indians are looking forward to a season of unprecedented business at the turnstiles.

The Tankees and Cleveland Indians are sure to set a terrific pace in the American League from the very start, while in the national the Dodgers, Giants, Pirates and Reds bid fair to make a pace red hot from the word "go."

MINORS TO BE HEARD FROM
The minor leagues have finally recovered from the depression caused by the war. The National Association, the American Association, the Pacific Coast league, the Western League, the Southern League and the Texas League are all in operation, according to indications.

While major league players have the new series as an incentive to throw their best, the minors, the minors, this year, will have several "little world's series" to encourage them.

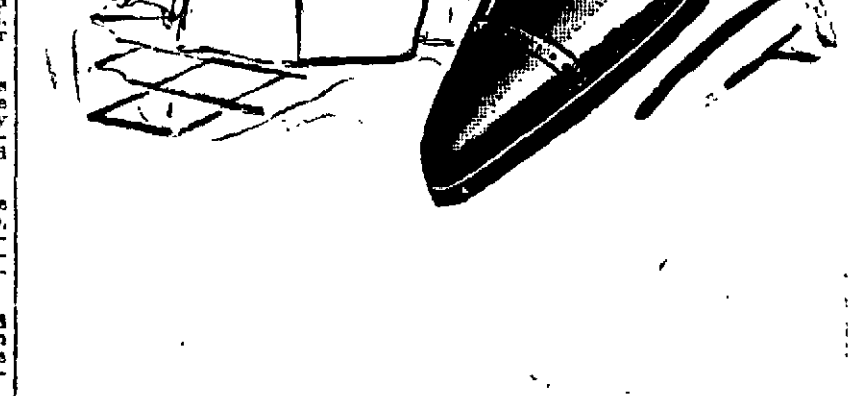

The American Association winners and the champions of the International League inaugurated a baby world's series last fall. It will be staged again this year. In the South the winners of the Southern Association and Texas League pennants will get together in a post-season series. The stars of the diamond will pitch the game, and the fans will watch the work of their two champions—George Sisler and Rogers Hornsby, winners of the major league batting titles in 1920—as they go out to defend their laurels against the wiles of the pitchers.

Seven new managers have been named for the 1921 season. They will be watched with keen interest.

Perhaps more interesting than any of the others is Ty Cobb, who is piloting the Detroit Tigers. Cobb's work as a manager will be of great interest, and there are many who believe he will succeed.

The other new managers, new in position with the exception only of George McBride are:

Bill Donovan, Phillies.
Johnny Evers, Cubs.
Fred Mitchell, Braves.
Lee Fohl, Browns.
Austley Duffy, Red Sox.
George McBride, Senators.

TOMORROW'S PROGRAM

Following is the program for the festivities that will mark the appearance of the Oakland club here in a game of the 1921 League season:

10 a. m.—Mayor John L. Davie of Oakland will head parade of players and fans from Coast League ball park to Hotel Oakland.

5 p. m.—Lions Club of Oakland gives Boosters' luncheon in honor of Oakland and San Francisco ball clubs.

Evening Chow—Speeches will be made by Mayor Davie of Oakland, Mayor James Rolph of San Francisco, President William McCarthy, Del Howard, J. Cal Ewing and others.

Wash the prunes; take them from the water and place in jars or cans having snug fitting tops. Close the jars and place them in a boiler containing a few inches of water. Boil for two hours. When cold the prunes will be found very palatable and digestible and may be eaten between meals or as a dessert.

Prettiest Girl Is Sought by
Members of Oakland Ad ClubMISS M. MILLER of Whitthorne & Swan, one of latest contest-
ants in Ad-Masque beauty contest. —Webster Photo.

Winner of Contest to Reign at Ad Masque to Be Given
at the Auditorium on May 7

Contestants for the beauty crown
in the Oakland Advertising Club's
quest for the prettiest girl in Ala-
ameda and Contra Costa counties
will find interest in the announce-
ment made today by the general
chairman of the Ad-Masque. It has
been decided that the winner of the
contest now in progress will not
only be adjudged reigning beauty of
the great fun frolic that is to be
held in the Oakland Auditorium
May 7, but will also be assigned
the leading part in the spectacular
and colorful pageant which is to
be an important feature of the Ad-
Masque.

The leading role in the piece,
which bears the alternate title of
"The Awakening of Princess Cal-
ifornia," is the part of the Princess.
It will be remembered that in addi-
tion to this privilege, the successful
contestant will be awarded a com-
plete course in moving-picture act-
ing at the Belasco Studios in San
Francisco.

PAGEANT'S SIGNIFICANCE.
The pageant this year signifies
Oakland Advertising Club's first
important contribution to the Great-
est Northern California booster
movement. It is the work of Rine-
hart and Brewer, authors of the
1920 Senior Extravaganza, and por-
trays the awakening of Princess
California by Prince publicity.
The many dance features of the
pageant in preparation at this time
are under the direction of Miss
Marie Allen. She has now in re-
hearsal nearly a hundred pretty
young women dancers, who will ap-

pear in more than two score of
delightful dance diversions. No
expense is being spared by the
Ad-Masque committee to make this
year's affair the most colorful and
most interesting of any that has
yet been offered by the club.

RULES OF CONTEST.
Hundreds of attractive young
women will participate for the role
of Princess California, and for those
who are not already familiar with
the rules of the contest, they are
published here.

From all of the photographs that
are submitted, six will be chosen
by a committee of judges consist-
ing of the presidents of the busi-
ness and professional clubs of this
city, and the final winner of the six
will be selected by Mack Sennett
and other movie men.

The candidate must not submit a
photograph that is more than a
year old.

She must be a resident of Alameda
or Contra Costa counties.
Any number of pictures may be
submitted, but none can be re-
turned.

Send your photo to the Ad-Masque
Committee, 234 Blake Block, Oak-
land.

S. P. TO BUILD
NEW FERRY IN
OAKLAND YARDS

The Southern Pacific shipyard,
Oakland, soon is to begin the con-
struction of a new steamer for the
Northwestern Pacific Railroad
company, which will be operated
between San Francisco and Sau-
salito, carrying both automobiles
and passengers. The new vessel, it
is said, will be the largest and
best appointed of its kind.

The main deck of the ship will
have a capacity of 95 automobiles.
The saloon deck will be devoted
exclusively to passengers and will
have a seating capacity of 1200.
The craft will have a length of 300
feet, beam over hull, 42 feet, a
draft of eight feet and an approxi-
mate speed of fourteen knots an
hour.

It is expected the boat will be
ready for service in nine months.

REDISTRICTING OF
CALIFORNIA SAID
TO BE AGREED ON

Plan Reported To Provide For
14 Districts, Increase of
Three Congressmen.

The scheme outlined in Wash-
ington for the reapportionment of
the state into congressional dis-
tricts upon the census figures of
1920, providing for fourteen dis-
tricts, a gain of three representa-
tives, two allotted to Southern Cal-
ifornia and one to the central part
of the state, has been agreed upon
by the Republican Congressional
delegation from California, accord-
ing to word from Washington. The
plan of redistricting on a basis of
fourteen members of the House of
Representatives from the state is as
follows:

First district—Del Norte, Sis-
kyou, Modoc, Humboldt, Trinity,
Shasta, Lassen, Tehama, Plumas,
Mendocino, Lake, Colusa, Glenn,
Butte, Yuba, Sutter, Sierra Nevada.
Second district—Sonoma, Marin,
northern part of Alameda.
Third district—Yolo, Napa,
Solano, Sacramento.

Fourth district—Contra Costa,
San Joaquin, Stanislaus, Mariposa,
Mono, Tuolumne, Calaveras, Alpine,
Amador, Eldorado, Placer.

Fifth district—Balance of Ala-
ameda.

Sixth and Seventh districts—San
Francisco.

Eighth district—San Mateo, Santa
Clara, San Benito, Santa Cruz, Mon-
terey, San Luis Obispo.

Ninth district—Merced, Madera,
Pescadero, Kings, Tulare.

Tenth district—Santa Barbara,
Ventura, Kern, Inyo, San Ber-
nardino.

Eleventh, Twelfth, Thirteenth
districts—Los Angeles.

Fourteenth district—Orange,
Riverside, San Diego, Imperial.

If the reapportionment basis to
be fixed by Congress next month
shall add to the number of repre-
sentatives the south will gain more.
If sixteen or five more are given
the state an alternative plan of
redistricting is offered.

The redistricting scheme was ex-
plained yesterday in a telegram to
Assemblyman J. J. Prendergast of
Riverside from Representative J. A.
Eaton of Berkeley.

Swindler Gets
\$10,000 Bonds
By Clever Ruse

Return of Worthless Check
Gives First Knowledge To
Brokers of Fraud.

Coast-wide search is being made
today by police and operatives of
private detective agencies for a
hunch man who, posing as a bond
purchaser, in one of the smoothest
swindles ever perpetrated in the
Eastbay region, robbed William Cav-
aller, a bond broker with offices in
the First National Bank building, of
Liberty bonds aggregating more than
\$10,000.

The swindle was enacted Friday
when a bad check returned by a
bank gave news of the robbery.
The bonds were noted through the
ruse of using the name of Charles A.
Beardsley, attorney of bay city cor-
porations.

In the absence of Cavalier Friday
afternoon, Herman L. clerk in
charge of the offices of the bond
broker, answered a telephone call.
"This is Charles Beardsley speak-
ing," said a voice. "I am sending
you a man who wants to buy \$10,000
worth of Liberty bonds."

Later the man appeared at the
broker's offices and after dickering
with the clerk agreed to take \$10,000
worth of Liberty bonds.
He wrote a check for that amount and
signed his name as "A. A. Sanders,
Piedmont." Ten bonds of \$1000 each
were given to the "purchaser." The
man placed the Liberty bonds in a
portfolio and after thanking the
clerk left the offices.

Yesterday the check was returned
to Cavalier from the Oakland Bank
of Savings with a note from the bank
saying that they were unable to lo-
cate "Sanders" account.

Cavalier notified the police and the
private detective agency protecting
the office's interests. Beardsley was
visited and it was learned that he
had not telephoned the broker's of-
fices. The authorities were furnished
with a description of the man. Ac-
cording to detectives, the same ruse
has been worked in New York, Chi-
cago and Boston within the last
year, but this is the first report of
its operation in Northern California.
